

May 1, 2020

Dear Rittenhouse Eye Associates Patient,

As you are probably aware, I sold my practice, Rittenhouse Eye Associates, to Drexel University College of Medicine in 2019 where I became Chairman of the Department of Ophthalmology. With the closing of Hahnemann Hospital, Drexel University decided to close the Department of Ophthalmology.

Wills Eye Hospital is pleased to announce the reopening of Rittenhouse Eye under the Wills Eye banner with me as their employed ophthalmologist. I will provide the same high-quality eye care that you have come to expect. We will remain at the same location 2000 Hamilton Street. As part of the agreement, Wills Eye Hospital purchased the patient records from Drexel University, so it will not be necessary to ask for a copy of your records from Drexel Eye Physicians to schedule an appointment with me. As before, we accept most insurance plans.

The State of Pennsylvania now allows the resumption of elective eye care. Please call 215-545-5001 for an appointment with me. I look forward to seeing you again. Thank you for entrusting us with your eyecare.

Sincerely,

Walter P. Harris, Jr., MD
